This Policy supersedes NSA/CSS Policy 1-30 dated 10 May 2013. The Chief, Policy approved an administrative update on 12 May 2017 to update organizational designators for NSA21. OPI: Information Security and Classification Division, P131, 972-2534 (secure) or (443)-634-4094 (non-secure).

POLICY

1. Public release in an official capacity:

a. NSA/CSS makes certain accurate and timely information available to the public to promote accountability for and understanding of its activities. The public release of official NSA/CSS information shall be limited only as necessary to safeguard information requiring protection in the interest of national security or other legitimate Government interest ([Reference a](#)). All current NSA/CSS affiliates shall submit for prepublication review all official NSA/CSS information intended for public release in their official capacity. The prepublication review process includes both a classification review and a review that determines whether the information intended for public release: is consistent with established NSA/CSS, DoD, and Intelligence Community policies and programs; is consistent with information security standards established by the Office of Information Management (OIM, P13); and conforms to NSA/CSS corporate messaging standards as determined by Strategic Communications (P2).

b. Official NSA/CSS information prepared as part of official duties and approved for public release will be used in accordance with DoD Directive (DoDD) 5500.07, "Standards of Conduct" ([Reference b](#)), and DoD 5500.7-R, "Joint Ethics Regulation (JER)" ([Reference c](#)), which preclude such use for monetary or nonmonetary personal gain.

2. Public release in a private capacity: NSA/CSS affiliates acting in a private capacity, and not in connection with their official duties, may prepare information for public release without management approval or policy review provided that the affiliate:

- a. Violates no laws or regulations;
- b. Maintains ethical standards and compliance with [References b and c](#);
- c. Uses only information that is UNCLASSIFIED and approved for public release;
- d. Uses no information in which NSA/CSS may have intellectual property rights and must file a new patent application with the U.S. Patent and Trademark Office thereon

Policy 1-30

Dated: 13 May 2015

or lose the right to do so (i.e., the information, if publicly released, does not establish a date by which NSA/CSS must file a new patent application (e.g., 1 year after public release)); and

e. Uses a disclaimer on any material in which an NSA/CSS affiliation is cited, stating that the views and opinions expressed are those of the affiliate and do not reflect those of NSA/CSS.

3. Information available from both classified and open sources:

a. Official NSA/CSS information appearing in the public domain shall not be automatically considered UNCLASSIFIED or approved for public release.

b. Where information intended for public release is available to the NSA/CSS affiliate from classified sources and also independently from open sources, the affiliate may be permitted to release the information if the affiliate can cite an adequate open-source publication where the specific information is available – only if release of the information by the affiliate at the time of review will not cause additional damage to national security through confirmation of previous unauthorized releases. The appropriate Prepublication Review Authority shall exercise discretion in making such determinations on a case-by-case basis and may consider the following as factors in the decision:

- 1) The sensitivity of the information from classified sources;
- 2) The number and currency of the previous releases;
- 3) The level of detail previously exposed;
- 4) The source of the previous releases (whether authoritative and acknowledged or an anonymous leak);
- 5) The submitter's access to classified sources; and
- 6) The authority and credibility afforded by the affiliate's NSA/CSS experience.

4. Official NSA/CSS organizational logos: A logo may be *created* in accordance with NSA/CSS Policy 10-7, "NSA/CSS Multimedia Information" (Reference d). Once Graphics Services (P2212) creates a proof of the logo, it must be reviewed and approved for public release in an official capacity as set forth in this policy. Once approved for public release, a logo may be used for official NSA/CSS operational, promotional, or morale-building purposes.

Policy 1-30

PROCEDURES

5. For public release in official capacity:

a. Information intended for public release in an NSA/CSS affiliate's official capacity (including, but not limited to, books, articles, videos, speeches, conference briefings, Internet postings, biographies, book reviews, cooperative education (co-op) reports, press releases, research papers, and organizational logos) is subject to prepublication review.

b. Before publicly disclosing his or her NSA/CSS affiliation, a current affiliate preparing material for public release in an official capacity shall seek operations security (OPSEC) guidance from his or her Staff Security Officer (SSO) and solicit a [name check](#) from Chief, NSA/CSS Cover Office (X073) in accordance with NSA/CSS Policy 1-18, "NSA/CSS Cover Program" ([Reference e](#)).

c. Whenever practicable, to preclude the inadvertent spillage of classified information onto unclassified systems, NSA/CSS affiliates acting in an official capacity shall use a TOP SECRET classified information system (e.g., NSANet, JWICS) to draft the full material intended for public release. Notes, outlines, or other partial information may not be substituted for the full material intended for public release in order to avoid the possibility of classification due to compilation.

d. Current NSA/CSS affiliates acting in an official capacity shall first submit, for management review and approval, all official NSA/CSS information intended for public release.

e. Upon receipt of management approval for public release (which may be in the form of a digitally signed email), a current NSA/CSS affiliate acting in an official capacity submits the following to a local [Classification Advisory Officer \(CAO\)](#) for an initial classification determination: the full material intended for public release, management approval, and written consent from NSA/CSS affiliates identified in the information to have any NSA/CSS affiliation publicly revealed. A complete list of CAOs can be found on NSANet ("[go cao](#)").

f. Upon determining the information to be UNCLASSIFIED, the CAO sends a digitally signed email to the affiliate containing that determination.

g. Following procedures established by the Prepublication Review Authority, either the affiliate or the local CAO then forwards the full and final material intended for public release (with all classification markings and/or handling instructions removed), management approval, classification determination, written consent from affiliates identified in the information to have any NSA/CSS affiliation publicly revealed (if applicable), technical review (if applicable), and contracting officer approval (if applicable) to the appropriate NSA/CSS Prepublication Review Authority for the final prepublication review determination.

Policy 1-30

Dated: 13 May 2015

h. The appropriate Prepublication Review Authority shall:

- 1) As necessary, coordinate with other information owners should the material contain information not under his or her purview;
- 2) Refer the information for review to organizations external to NSA/CSS, if required;
- 3) Coordinate, as appropriate, a review with the Public Affairs Office (PAO, P21) to determine that information intended for public release in an affiliate's official capacity conforms to NSA/CSS corporate messaging standards;
- 4) When necessary, request a technical review by a subject matter expert to determine that the information intended for public release is accurate;
- 5) When necessary, request a review by the NSA/CSS Office of the General Counsel (OGC) to determine that the information intended for public release contains no information in which NSA/CSS may have intellectual property rights and may file a patent application thereon; and
- 6) If the current NSA/CSS affiliate acting in an official capacity is a Senior Leader, coordinate with the Information Security and Classification Division (P131) to obtain prepublication approval from the Defense Office of Prepublication and Security Review (DOPSR).

i. The appropriate Prepublication Review Authority will issue, as practicable, a final determination to the affiliate within 25 business days of receipt of all required information and supporting documentation.

6. For public release in a private capacity:

a. Resumes, associated cover letters, work-related biographies (bios), and curriculum vitae (CVs) intended for any public use: Current and former NSA/CSS affiliates shall submit résumés, associated cover letters, work-related bios, and CVs intended for public release to the Information Security and Classification Division (P131) for review according to procedures published on the Information Security and Classification Division (P131) Web site and on nsa.gov to determine whether they contain NSA/CSS protected information.

1) Before publicly disclosing his or her NSA/CSS affiliation in such a document, a current affiliate shall seek OPSEC guidance from an SSO and solicit a name check from Chief, X073.

2) Whenever practicable and with supervisory approval, to preclude the inadvertent spillage of classified information onto unclassified systems, current NSA/CSS affiliates acting in a private capacity may use a TOP SECRET classified information system (e.g., NSANet, JWICS) to draft the full version of such documents intended for public release. Notes, outlines, or other partial

Policy 1-30

Dated: 13 May 2015

information may not be substituted for the full material intended for public release in order to avoid the possibility of classification due to compilation.

3) A current affiliate shall have such documents first reviewed by an organizational CAO before submitting it to P131.

4) Former affiliates shall submit such documents per instructions in [paragraph 6.b.4](#).

5) Résumés are not subject to management approval or policy review.

b. Other than résumés: Current and former NSA/CSS affiliates may prepare material for public release that meets all of the requirements stated in [paragraph 2](#). This includes, but is not limited to, books, articles, videos, speeches, conference briefings, Internet postings, book reviews, co-op reports, press releases, research papers, and organizational logos. However, prepublication review is required where compliance with the requirements of [paragraph 2](#) is in doubt (i.e., where the material contains official NSA/CSS information that may or may not be UNCLASSIFIED and approved for public release). Before publicly disclosing an NSA/CSS affiliation, a current affiliate shall seek OPSEC guidance from an SSO and solicit a name check from Chief, X073.

1) Whenever practicable and with supervisory approval, to preclude the inadvertent spillage of classified information onto unclassified systems, current NSA/CSS affiliates acting in a private capacity may use a TOP SECRET classified information system (e.g., NSANet, JWICS) to draft the full material intended for public release. Notes, outlines, or other partial information may not be substituted for the full material intended for public release in order to avoid the possibility of classification due to compilation.

2) A current affiliate with access to a TOP SECRET classified network (e.g., NSANet, JWICS) shall request review by his or her organization's CAO of the full material intended for public release. After review, the organization's CAO will send the full and final material and the initial determination to the appropriate Prepublication Review Authority for a second review.

3) Current affiliates without access to a TOP SECRET classified network (e.g., NSANet, JWICS) may submit the full and final material intended for public release via another classified system (e.g., SIPRNet) to the appropriate Prepublication Review Authority according to established procedures.

4) Former affiliates without access to a TOP SECRET classified network (e.g., NSANet, JWICS) shall submit the full and final material intended for public release in hardcopy to:

6) As necessary, the appropriate Prepublication Review Authority shall coordinate with other information owners when the material contains information under their purview.

7) The appropriate Prepublication Review Authority shall, as practicable, issue the determination to the affiliate within 25 business days of receipt.

7. Appeal of a prepublication review determination:

a. A prepublication review determination may be appealed in writing to the Chief, OIM within 20 business days of receipt of the determination. At OIM's discretion, an additional 30 business days may be allowed to file a written appeal, provided that the affiliate files a written notice of intent to appeal within 20 business days of receipt of the initial determination and presents justification to support an extension. The affiliate making the appeal shall specifically identify the disputed portions of the initial determination and the reasons for appeal – and shall include any supporting information that the Chief, OIM should consider.

b. In support of OIM, the Information Security and Classification Division (P131) will, if necessary, schedule meetings with the NSA OGC and/or the information owners to review the disputed information and, within 30 business days of receipt of the appeal, advise the affiliate making the appeal of the Chief's OIM final determination and, to the extent consistent with national security, the reasons for any OIM determination adverse to the affiliate's interests.
